## Additional Training Night

An additional night's technical training is available for all Junior Players at a cost of \$200. This is a compulsory component for all top tier team players.

## Team Placement

Returning players are initially placed in the same teams as the year prior. You would expect movement of players between teams to accommodate new players and for player skill development. Final team placement will be confirmed prior to the end of pre-season in March.

### KANGAS & TOP TIER TEAM SELECTION

Kangas & top tier teams are comprised of players with the highest skill level in their age group.

Selection for entry into a Kangas or top tier team is by a rolling and objective assessment of skill level during pre-season, conducted by the Head Coach and specialist coaches. The decision for entry into such teams will rest with the Head Coach.

Previous placement in such team does not guarantee a spot for 2018.

## Parental Involvement

Competition Teams will need a parent volunteer Team Manager. See [Team Manager Role](#) for further information.

As a Community Club we heavily rely on Volunteers at the Club. Please see our [Volunteers](#) page for further information.
