Team Placement

Returning players are initially placed in the same teams as the year prior. You would expect movement of players between teams to accommodate new players and for player skill development. Final team placement will be confirmed prior to the end of pre-season in March.

KANGAS & TOP TIER TEAM SELECTION

Kangas & top tier teams are comprised of players with the highest skill level in their age group.

Selection for entry into a Kangas or top tier team is by a rolling and objective assessment of skill level during pre-season, conducted by the Director of Football and specialist grading coaches. The decision for entry into such teams will rest with the Director of Football.

Previous placement in such team does not guarantee a spot for the following season.

Parental Involvement

Competition Teams will need a parent volunteer Team Manager. Please contact the **Operations Manager** if you can assist.

As a Community Club we heavily rely on Volunteers at the Club. There are many ways in which you can contribute so please let us know if you have any special skills or interests that can help our club.
